From the past to the future

From the past to the future

Our BOSCO collection by Lázaro Rosa-Violán 'opens doors from the past that lead to the future'. This quote defines the design formula applied to the BOSCO collection; classic design with a functional, modern look. These door handles are in every respect inspired by the famous historic knives that combined traditional stainless steel with black handles and which were an integral part of households in Europe for decades. The shape of the design consists of a cylindrical form connected to the handle of the lever, where the stainless steel is still visible from the upper side.

Van het verleden naar de toekomst

Onze BOSCO collectie by Lázaro Rosa-Violán 'opent deuren uit het verleden die leiden naar de toekomst'. Deze quote omschrijft de designformule voor de BOSCO collectie; klassiek design in een functioneel, modern jasje. De deurkrukken zijn geheel geïnspireerd op de befaamde messen van weleer, die steevast roestvast staal combineerden met een zwart handvat en al decennialang een vertrouwd beeld vormen voor nagenoeg elk Westers huishouden. Het ontwerp bestaat uit een cilindrische vorm die verbonden is met het handvat, waarbij het roestvast staal nog zichtbaar is vanaf de bovenkant.
